

Lacquers / Laccati

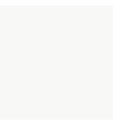

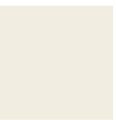

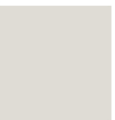

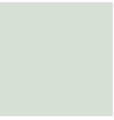

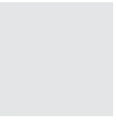

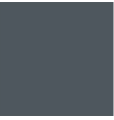

Viva continually focuses on research, analysis and selection of trendy finishes around the world, implementing international tastes and integrating them into a range of door finishes that gives each *Viva* product its own characteristics and personality, to suit any taste and lifestyle.

The finishes made by *Viva* enhance the high qualitative content of the doors, both visible and intrinsic, perfectly fitting in with the different types of interior decor, thanks to flexible colour solutions that match with any setting.

Viva dedica una continua attenzione alla ricerca, valutazione e selezione delle finiture di tendenza a livello globale, recependo i gusti internazionali ed elaborandoli in una scelta di finiture per le porte in grado di conferire ai prodotti *Viva* caratteristiche e personalità differenti, per soddisfare ogni gusto estetico e stile di vita.

Le finiture realizzate da *Viva* amplificano l’elevato contenuto qualitativo delle porte, sia esteriore che intrinseco, integrandosi alla perfezione con le diverse tipologie d’arredo, grazie a soluzioni cromatiche flessibili e armoniose con ogni ambiente.

Wood

The choices of *Viva Wood* collection transmit the culture and tradition of wood, recalling the craftsmanship of master craftsmen, integrating with design studies and innovative research techniques.

The specificity and warmth of the wood grain creates a natural elegance that transforms a piece of furniture in a journey of the senses.

The selection of veneers, the natural movement of the wood and the unique shades make unique each project and the love for natural materials is the responsibility to ensure the protection of the environment.

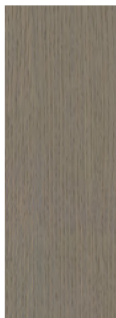

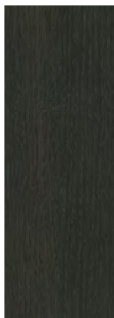

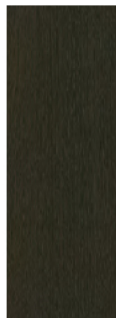

Le finiture *Viva Wood* trasmettono la cultura e la tradizione del legno, richiamando la manualità dei maestri artigiani, integrandole con studi di design e ricerche tecniche innovative.

La specificità, la tattilità e il calore delle venature del legno creano un’eleganza naturale che trasforma un complemento d’arredo in un viaggio nei sensi.

La selezione di legni naturali *Viva*, il movimento naturale del legno e le sfumature uniche rendono ogni progetto inimitabile e l’amore per i materiali naturali utilizzati rappresenta la responsabilità per garantire la tutela dell’ambiente.
